

What do I wear?

Deciding on theme and wardrobe is something that we discuss in the initial consultation.

How long are the sessions?

Sessions can last from 2-3 hours with hair and make-up.

Can my guest take pictures with their phone in the studio?

AVP does not allow cameras other than ours to be used in the studio.

Can I do my own hair and make-up?

You can do your hair and make-up but part of the fun of this experience is to sit back and enjoy the feeling of being transformed.

Do I get a CD with my session?

You have the option to purchase a CD with the offered packages.

Are children allowed in the studio?

This experience is something for you to enjoy. Your children should stay home as AVP does not allow them into the studio for these shoots.
